## Steps to Applying

Please follow the below steps for applying to audition:

1. Discuss readiness with instructor.
2. Select one piece or excerpt of **no more than 5 minutes** for the audition.
3. Fill out the application on the final page of this information packet.
4. **Prepare an unmarked copy of the sheet music of your audition piece.**
  - **If you need an accompanist, submit the piano score which has the accompaniment part and the solo instrument/vocal part on the same page.** This copy will be used by the judges as well as the accompanist.
  - Arts+ will copy and provide this for the judges on the day of the audition on your behalf.
  - The only acceptable marks in the music would be to notate cuts, if necessary.
  - A selection with accompaniment is **not** required to audition. Unaccompanied is fine.
5. Send the (1) application and (2) copy of the sheet music to the Director of Music Programs.
  - PDF Scans of all files emailed to [wsmith@artsplus.org](mailto:wsmith@artsplus.org)

## If You Need an Accompanist

Students needing an accompanist must follow these steps:

1. When you submit your application, submit the piano score instead of the solo part. Please make any notations about cuts or changes to the music very clear, noticeable, and legible.
  - **Sheet Music received after the application due date will not be accepted.** The student can still audition but must do so without accompaniment.
  - Email address: [wsmith@artsplus.org](mailto:wsmith@artsplus.org)
2. The Music Programs team will contact parents to schedule one 20-minute rehearsal with the accompanist for the week of the audition. Only one 20-minute rehearsal is provided, so please take that into consideration with repertoire selection.

## Adjudication Criteria

Students will be judged on the following eight categories:

Technique	Pitch Accuracy
Musicality	Rhythmic Accuracy
Tone Quality	Tempo
Dynamics	Articulation (instrumentalists) / Diction (vocalists)

## Additional Audition Notes

- Students will be automatically disqualified if they are late to their audition time. Please plan plenty of time for parking and finding the venue.
- Students will be introduced to the adjudicators by an Arts+ staff member. Students may **not** speak to the adjudicators.
- Students will be stopped if they exceed the 5 minute limit.
- Adjudicators are independent, highly-qualified musicians and pedagogues. They are not members of the Arts+ Music Faculty.

## Instructor Approval

- Students, Parents/Guardians, and Instructors **must** have a conversation **prior** to applying to discuss if the student is prepared to audition and represent Arts+ as a Merit Scholar.
- Instructors will be contacted by the Director of Music Programs to confirm approved students.

## Expectations of Scholarship Recipients

- If selected for a Merit Scholarship, recipients and their parent(s)/guardian(s) will sign the Expectation Agreement for Arts+ Merit Scholars. This agreement outlines the following points:
